**AMEND Senate Bill No. 1760\***

**House Bill No. 1403**

by designating the existing language in subsection (d) of SECTION 1 of the bill as amended as subdivision (1) and adding the following as a new, appropriately designated subdivision:

(  ) Notwithstanding the provisions of subdivision (1), no more than two (2) additional municipal electric systems shall apply for and be granted authorization to provide cable and/or Internet services pursuant to § 7-52-602; provided no such system shall be eligible for this exception unless such system certifies in its business plan filing with the comptroller that such system had begun to study the feasibility of a cable and/or Internet project on or before May 1, 2005.
